To The Democrats of Lincoln County.

As you know, I am a candidate for sheriff, subject to your action. I desire to say that I have not, and will not under any circumstances, enter into any combinations of any kind with any person. Being an ardent democrat, I do not believe in pools, trusts and combinations and I shall finish this race alone.

My record as an officer is well known and I am willing to allow my fitness for the position to be judged by the manner in which I conducted the office during the term that I held it. I am also willing for you to say whether I have earned this much reward by the services I have rendered my party since my election. I therefore appeal to you to remember me on the day of the primary election. If fitness for the position and devotion to the party, evidenced by long and hard work for it, merits any reward, I feel sure that I will receive the reward of your suffrage, for which I will be very thankful and I elected I promise, as heretofore, to my best ability, fill the office in an acceptable manner. S. M. OWENS.

DO NOT DOSE THE STOMACH. Hyomel the Only Guaranteed Cure for Catarrh.

No one should confound Hyomel with the patent medicines that are advertised to cure catarrh. It is far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomel gives its formula to all reputable physicians and is prescribed by them generally.

The only way to cure catarrh and all other diseases of the respiratory organs is to breathe Hyomel.

This treatment has been so successful in curing 99 per cent. of all who have used it, that Hyomel is now sold by G. L. Penny under an absolute guarantee (to refund the money in case it does not benefit). You run no risk whatever in buying Hyomel. If it did not possess natural powers to cure it could not be sold upon this plan.

The coloring of the leaves in Autumn is said to be due to the formation of organic acids from the absorption of oxygen, and caused by a ripening process, similar to that which colors ripening fruit. It is not the effect of frost, but is hastened by cool nights alternating with warm days.

Be Quick.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croupy cough appears, will prevent the attack. It never fails, and is pleasant and safe to take. For sale by all druggists.

Howard Richardson is under arrest at Jellico. Richardson stole an engine from the Jellico yards and started toward Louisville at a 30-mile an hour rate. Train No. 49, from Corbin, was a few minutes late and by the aid of telephones was stopped at Pleasant View.

A Frightened Horse.

Running like mad down the street, dumping the occupants, or a hundred other accidents, are every day occurrences. It behooves everybody to have a reliable safe handy and there's none so good as Luckless's Arnica Salve. Burns, Cuts, Sore, Eczema and Niles disappear quickly under its soothing effect. 25c at Penny's drug store.

HUBBLE.

Turkeys are worth the foot in this market.

T. C. Rankin is placing a lot of gravel on the Lancaster pike.

H. C. Walter sold L. G. Hubble 50 barrels of corn at \$2 in the heap.

Bro. Tindler will fill his pulpit at the Christian church Sunday afternoon.

Uncle Fountaine Huffman, living on Sugar Creek, who is 97 years old, is visiting J. W. Anderson at this place.

M. B. Ebbins sold a load to same parties Kinnaid Bourne has rented Mrs. Ann's Engleman's house and lot for 1905.

We are glad to note that Mrs. Eliza Harris is back on her farm, looking like she was at home. Miss Fannie Hammond spent Thanksgiving with her parents and friends here, accompanied by her cousin, Miss Allen McClure, of Lexington.

Mrs. Fannie Hall, widow of Aaron Hall, departed this life Nov. 23, after an illness of about three weeks, caused by sticking a carpet tack into her foot. Medical aid was given her, but nothing gave her relief that could be done by physicians or friends, who waited on her to the last. She and her father came to this community from Carlisle 17 years ago. The former died some 10 years ago. She was a woman of fine business capacity, taking care of what she had, being left alone the greater part of her life. Though plain and unassuming she was conscientious and honest in all things. She was a member of the Christian church and remembered it in the distribution of her property. Her will will be probated the second Monday in December, J. J. Walker having been chosen by her as executor several years ago. After a short service conducted by Rev. F. M. Tindler, she was laid to rest by the side of her husband in the Lancaster cemetery.

A recent wedding in New Jersey which wound up with a fox hunt, had its double in Bray, Ireland, last month. After witnessing the ceremony in the little parish church the guests went to the estate of the bride's people, where, after the wedding breakfast, they turned their attention to golf and croquet, while a military band played on the lawn. Following a custom which seems to be a good deal more common among English people than with Americans, the bride and groom, five bridesmaids, page and flower girl, best man and ushers, and were photographed.

Revolution Imminent.

A sure sign of approaching revolt and serious trouble in your system is nervousness, sleeplessness, or stomach upsets. Electric Bitters will quickly dismember the troublesome cases. It never fails to tone the stomach, regulate the kidneys and bowels, stimulate the liver and clarify the blood. Run down systems benefited particularly, and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c and that is returned if it doesn't give perfect satisfaction. Guaranteed by Penny, druggist.

Women are coming to the front rapidly as book keepers and accountants. In 1890 over 25,000 filled these responsible positions in commercial houses of the United States, and in 1900 their number had increased to nearly 74,000, or over 160 per cent. The number of men in the same business in 1890 was 134,000 and in 1900 it was 187,000, an increase of only about 50 per cent.

"Want some money, do ye?" said the kind old lady. "Now, I wonder if ye deserve it. What would ye do with a penny if I giv it to ye?"

"Lady," replied the polite beggar, "yer kindness would touch me so dat I'd buy a postal card wid de money an' write ye a note of thanks."

When you want a pleasant purgative try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no nausea, griping or otherwise disagreeable effect. For sale by all druggists.

Woods, of the 2d Presbyterian church. "I am a firm believer in the power of prayer. I do not know whether the Almighty will send rain because we pray for it. He sees farther than we do and it may be that He will see reasons that we cannot comprehend. But I do know this, that He loves for the people to ask Him for what they want, and I believe that a prayer, made in faith, is a pleasure to Him."—Courier-Journal.

RECTOR OF ST. LUKES.

Ashburnham, Ontario, Testifies to The Good Qualities of Chamberlain's Cough Remedy.

ASHBURNHAM, ONT., April 18, 1903.—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your cough remedy. I at once procured a sample bottle and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter day. I know that this rapid and effective cure was due to your cough remedy. I make this testimonial without solicitation, being thankful to have found such a God-sent remedy. E. A. Langfeldt, M. A., Rector St. Luke's Church. To Chamberlain Medicine Co. This remedy is for sale by all druggists.

R. M. Sanders, fireman on the Southern yard engine at Burgin, was fatally scalded. The accident was caused by another engine "side swiping" Sanders' engine and knocking a hole in the boiler.

THE INTERIOR JOURNAL

E. C. WALTON

THE Harrodsburg Herald tells a rather old but true story as follows: "Any man can take a newspaper. It is the cheapest thing he can buy. It cost no more than a postage stamp, and it instructs you and your wife and teaches your children. It comes rain or shine, calm or storm, bringing you the best news of the neighborhood. No matter what happens, it enters your door as a welcome friend full of sunshine, cheer and interest. It shortens the long winter nights. It is your adviser, your gossip and your friend. No man is just to his wife and children who does not give them the home paper to read."

THE value of advertising in the newspapers may be seen in the sworn statement of election expenses made by the governor-elect of Massachusetts. The report shows that he spent \$31,000 in his campaign and the bulk of it went to advertising. True, advertising costs money, but it is bound to bring big results and here is a lesson our merchants might do well to imitate.

FROM the size of the majority Pennsylvania gave him, it is no wonder that Roosevelt was content to ride at the rate of 12 miles per hour on his journey through that State. It must have been quite a pleasure to linger there as long as possible.

SOME soundings broke into the office of the Woodford Sun and stole Editor Dan Bowman's pants. If he is no better off than the average country newspaper man he had to remain in bed until he could borrow another pair.

POLITICAL.

The official returns show that Roosevelt carried Indiana by 93,944 plurality.

The Bell county republican primary set for Dec. 17, has been called off by the State central committee.

Congressman Gilbert has appointed David Owen Byars, of Shelby, a cadet at the United States Military Academy at West Point.

The clerk of the House of Representatives, in preparing an unofficial list of the members of the next House, gives the Third and Ninth Kentucky districts to the republican candidates.

The largest vote ever cast in Kentucky was at the Presidential election in 1900, when the total was 468,388. In 1891, though the political excitement was then greater, the total was only 416,861.

They mention in Maryland a veteran democrat, aged 91, who voted at the last election for the first time. That's nothing. Some of the republican flaters vote almost that many times at one election.—Lexington Democrat.

The Democratic State Central Committee of Colorado has determined to test the jurisdiction of the Supreme Court in the election cases. They will apply to Judge Thayer, of the Federal District Court of Appeals, in St. Louis, for writs of habeas corpus for the men sent to jail on contempt charges.

"Did you ever notice," says the Elizabethtown News, "that with all the abuse heaped upon the head of William Jennings Bryan by his enemies he never seems to get angry? With a smile on his face he answers his deriders with argument. He is a man with no bad or vicious personal habits. He has a pure, noble heart, a well trained body and intellect and a respect for a feeling of his fellow man. He may never be President of these United States, but God Almighty will otherwise reward him in the life beyond."

The Japanese forces are said to be holding the summit of 203-Metre Hill. Their losses in the attack were heavy. Dr. Reuben Satterfield, who was clubbed by a farm laborer on Thanksgiving day, died at his home in Allen county.

Pollander K. Potter, of Scranton, Pa., died from hydrophobia caused by a scratch on the hand while chloroforming a pet dog.

The oldest orator in Germany is Deputy Schneider in Eberswalde, now 103 years of age. His latest speech was made a few weeks ago at the opening of a horticultural exhibition.

The closing day exercises at the World's Fair yesterday attracted a big attendance. Addresses of farewell were delivered by Gov. Dockery and President Francis, of the Exposition Company.

The examining trial of Andy Meadows, Josh Cummins, Shelt Smith and the Hokenbacks, charged with killing George Curd, was continued by the Commonwealth at Williamsburg until Dec. 9. Gov. Beckham has offered \$250 each for the arrest and conviction of the guilty persons in addition to the \$500 offered by Curd's mother.

The length of time it is possible to keep awake is surprising. A prominent physician tells of a medical man who went without sleep for eight days and nights, and another who had not gone to bed for 15 days, but got all the sleep he had while on horseback. A third did not sleep for 15 days and nights, but permanently injured his health.

The Georgetown News is responsible for this observation upon the Roosevelt World's Fair tour: President Roosevelt "did" the St. Louis Fair in one day. This, with a single exception—that of the Indiana man who "took it in" in three hours, at an expense of 30 cents—breaks the record.

"You'll take a couple of these tickets, of course. We're getting up a raffle for a poor cripple in my neighborhood."

"None for me, thank you. I wouldn't know what to do with a poor cripple if I won him."—Philadelphia Press.

Owing to the busy season in our Jewelry Store I will have to discontinue my visits to Stanford until Spring.

Headaches, granulated lids, styes, pain in and around the eyes, nervousness, etc., are often the results of eye strains. We straighten crossed eyes without the knife, scissors or pain. We use no medicine in examination or treatment of the eyes, nor do we perform any surgical operation.

Results Count—Dr. Murray fitted glasses for me that have given most perfect satisfaction, more than any I ever had. The glasses fitted for my aunt, Mrs. Duddelar, of McKimney, are also perfectly satisfactory.

Lamm Gentry, Stanford, Ky.

The glasses you fitted for me two years ago have given me better satisfaction than any I ever had on my eyes.

J. W. Runt, Stanford, Ky.

DR. JAMES S. KIRTLLEY's lecture, "In the Barefoot Kingdom," delivered at the Odd Fellows' Hall under the auspices of the Baptist church Tuesday evening, brought out an unusually large audience. The lecture was very instructive and full of wit and humor. Dr. Kirtley is a speaker of rare ability and the people of the Baptist church are to be congratulated on having him here.
AT the council meeting last night orders were made for payments from Hon. J. N. Saunders' corner to Hon. R. C. Warren's, not including the latter gentleman, and on East Main from Col. Hill's gate to including Mrs. Salile Johnson; on Lancaster street from Mr. W. A. Carson's to and including Mr. Robert Fenzel. William Mereshon was appointed night watchman and policeman during the day shift. A lot of routine business was done.
TO MORROW, what promises to be the hottest primary in the recollection of the oldest inhabitant, will be pulled off. There is not a "walk-over" race in the lot and it is hard to even guess who the nominee will be. A good deal of feeling has sprung up in some of the contests, but let us hope there will be trouble of no kind and that nothing will be done that will bring shame to either democracy or the demagogue who want to serve their country. Some of the best men in the county are asking for office and if they do, or permit their friends to do that which is not fair and honorable to-morrow, the blame will fall heavily on them and their evil deeds will be remembered for years to come. Let decency and fairness be uppermost in the minds of all true democrats and a ticket will be made that will be invincible in November next. All of the candidates cannot be nominated at this primary, but other primaries will be held in Lincoln county during the present generation. So let your actions on the morrow be such that in the event you fall this time, you may be strong before the people four years hence.

FOUND A sum of money. C. R. Brawner, Jumbo, Ky.

THE merchants have begun to display their Christmas stocks and there are many other evidences of the near approach of Xmas.
MESSRS. A. C. SINE, A. M. Pence and W. C. Shanks will begin Monday to supervise the town tax list taken by Mr. E. D. Kennedy.
MY selection of solid gold jewelry, such as brooches, cuff buttons, lockets, rings, etc., must be seen to be appreciated. W. H. Mueller.

KEEP your heads cool and your feet warm to-morrow and you will not only feel better the day following, but will help make a ticket that you will be proud of for years to come.
YOUR attention is called to the sale "made" of W. S. McGuire and Hugh Seargent. Both sales occur Wednesday next, but as they are in different localities they will not greatly interfere with each other.
IT is remarkable how the Chicago Mattress Co., whose business is back of the Grand Leader, can make new feather beds out of old ones. The manager showed us yesterday some 15 year-old feathers that he had made as clean and new-looking as if they had just been taken from the goose.
TODAY FRIENDS AND VOTERS OF LINCOLN COUNTY.—As my opponents have appointed deputies, and knowing that no one man can do the work, I have gone in with Mr. Emmett McCormack to win, and divide the office of assessor equally with him. A vote for him means a vote for me and it will be appreciated by both of us. If elected we will in person take your list. G. T. Wood.
MR. SAM H. HELM, of the Peyton's Well section, who will be 90 years old in April, is still active and does considerable work. He has fathomed 13 big logs this year and has done a great deal of other work on his farm. The old gentleman can get off and on his horse about as quickly and with the seeming ease of a man a half century his junior. Mr. Helm has a pocket knife he has carried constantly for 40 years.

LANCASTER.—Mr. and Mrs. John K. West were married 50 years ago the 28th. Hon. Fontaine Fox Bobbitt, who is one of the most widely known men in Central Kentucky, gave a lecture at the court house Monday evening which was greatly enjoyed by those present. Dave Collier, foreman of the Lancaster section of the L. & N., was awarded first premium on the Rowland branch. John W. Flowers, of Louisville, is here on a visit to Garrard friends and enjoy a hunt after Bob White. A pleasant affair was the leap year party given at the home of Miss Margaret Klonard Friday evening. With the addition of many plants and ferns the cozy home was made to look still more inviting. The Johnson Insurance case, which has attracted wide attention, has been again passed upon, and we understand the company will pay the premium without further litigation.—Record.
THE NAMES OF THE PLAYERS THAT COMPOSED STANFORD'S CRACK FOOTBALL TEAM OF 1904.—Left end, Red; left tackle, John Mcnefee, Cecil Williams; guard, Fields, Hill; center, Root; right guard, Thurman, Duncan; right tackle, Root; right end, G. Mcnefee, B. Carpenter; quarter, Huey, Hughes; left half, E. Coleman; right half, Coffey; full back, H. Coleman. The season is over and the Stanford team has had a very successful one. They played six games and only lost one. This is the best record the team has made for several years and if all the boys are here next year the team will no doubt be the best in Central Kentucky. Had all the games been played that were scheduled they would have had more victories to their credit. Several were cancelled that they were very anxious to play and more than likely would have won. Some of the teams that Stanford never failed to play every year showed the white feather this year. They knew that Stanford had a crack team and they hated to go down in defeat. Following is a record of the games and the score of each that Stanford played this year: Stanford, 16, C. U. Freshmen, 0; Stanford, 6, C. U. first subs, 5; Stanford, 5, Lancaster, 5; Stanford, 0, Nicholasville, 12; Stanford, 18, Stanford, 21 team, 6; Stanford, 9, C. U. Freshman, 0. The games that were cancelled were with the following teams: Central University, Central University Sophomores, Nicholasville, Lancaster, Hustonville. The stars of the team this season were E. Coleman, left half; H. Coleman, full back; Jno. Mcnefee, left tackle; Coffey, right half; and Huey, quarter back. Geo. Bradley did some brilliant work as guard in several of this season's games. W.
